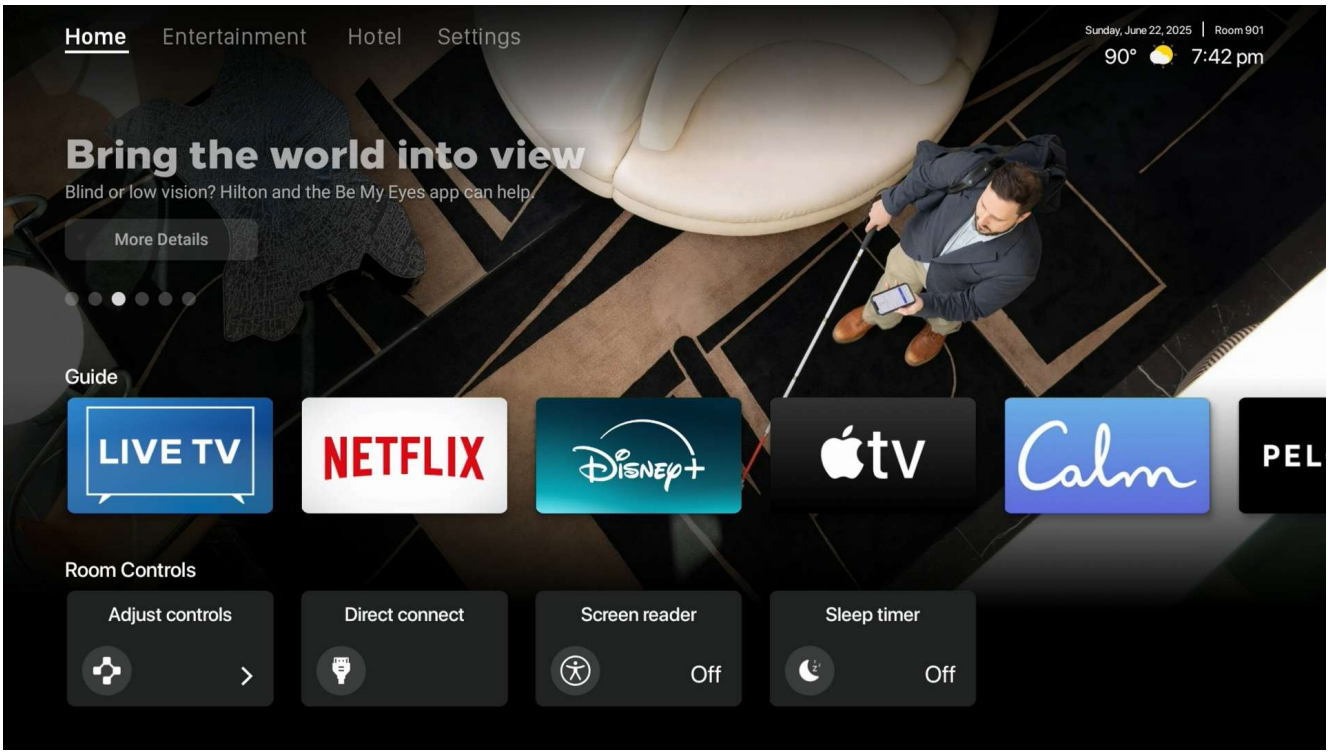
3 Review the Home Screen



Important Notes

- In many cases, guests have the option to use remote control shortcuts such as Netflix and Screen Reader or use launchers on the TV.
- Note the time, date, weather, and room number in the top, right-hand corner. The TV boxes (Edge Controllers) are **assigned to specific rooms** and should not be moved from room to room without contacting **Connected Room Support**. Inaccurate rooms numbers should be corrected **immediately.**
- Should the date and time reflect inaccurate information, check the network connection and contact **Connected Room Support** if further assistance is needed.
